

## COMPANY OVERVIEW

### InquisIT– Your IT Solutions Partner

#### *Who We Are*

InquisIT LLC is a minority-owned 8(a) small business that delivers comprehensive IT services and solutions that enable federal agencies to achieve their mission-critical goals and objectives.

At InquisIT, our philosophy is simple – we succeed only when our customers succeed. InquisIT’s team of skilled IT professionals is highly regarded in its ability to work side-by-side with our federal agency customers to drive solutions to today’s complex challenges – no matter what those challenges may. InquisIT is led by an executive management team that averages nearly 20 years of management and IT experience, and each of our leaders brings varied and robust background and experience to the organization.

#### *What We Do*

Headquartered in Northern Virginia’s technology corridor, InquisIT has been providing comprehensive IT services to federal agencies and contractors since 2004. With an unrelenting mission-oriented focus on customer service, InquisIT has become a trusted partner to federal customers.

InquisIT’s comprehensive suite of IT services is built upon a foundation of systems integration and enterprise systems management expertise. Whether building a new network or expanding, upgrading or redesigning an existing network, our experienced team of engineers will work closely with you to help ensure that your network solutions achieve optimal performance, reduce costs and enhance your operational capabilities.

#### *How We Do It*

Three business values underlie InquisIT’s success:

- *Customer Service:* we provide superior service from inception to completion of a project. Customer service is the primary focus of every InquisIT employee.
- *Employee Empowerment:* we fully support our employees by providing the necessary tools and education for effective performance in addition to fostering a positive work environment.
- *Seeking Challenges:* we actively seek new business opportunities to grow in depth and experience as a company.

Whether setting up a wireless local area network or staffing “temp to perm” employees or updating an entire IT infrastructure, InquisIT embraces your challenges and offers unlimited vision to consult with you to determine the best solution for your company’s needs.
